Mission

Our carefully selected Executive Board and Operations Management Team are both comprised of national and international experts who understand the State environment, particularly the security challenges businesses and families face on a daily basis. Managing these challenges and providing a safe environment, whether it is for your home or your business, is our core business.

Vision

We believe in security with a human touch. Therefore, we aim to provide industry leading security solutions while promoting a business culture founded on dedication, development, effectiveness, innovation, respect, teamwork and trust. Based on these company values, we endorse empowerment as a way to improve the quality of life of both our clients and our employees.

Business Ethics

We provide a more personal approach to our clients. Our firm's extensive experience in the public, private and non-governmental sectors, supplemented by our national support structure, our specialist training skills, and knowledge of the security industry gives us the necessary insight and experience to deliver the right solution to meet the client's requirements. We will commit to a potential project or a contract only if we are sure that we can deliver the requirements to our own unique high standards and service levels. We will never accept projects unless we are sure that we have the resources to deliver.

We only provide those services where we know we have the required sustainable competencies to be a market leader. We work closely with the official law enforcement agencies and adhere strictly to the letter of the law, a boundary that will never be overstepped.

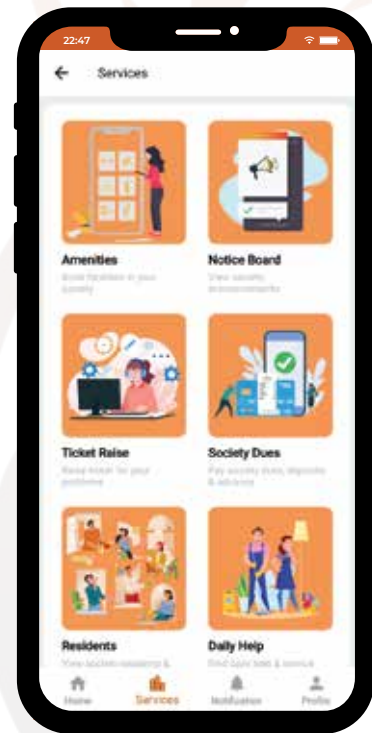

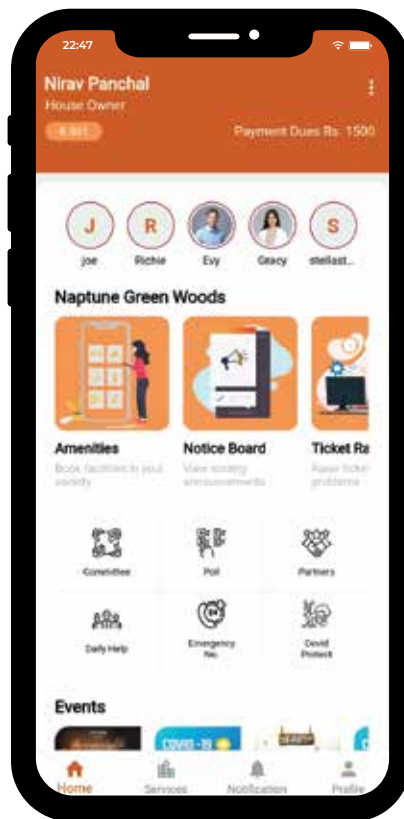

What is Gate Tiger Application?

An app that simplifies life for everyone in a gated community, from residents and management committee members to security guards and facility managers. Packed with features, it reduces many hassles authorizing entry of delivery executives, paying maintenance bills, raising a ticket to the facility manager to a single click.

The Future of Apartment Management is Here

Apartment Management & Security Solution for Residential and Commercial Gated Communities, and Co-operative Housing Societies.

GateTiger Platform

The perfect solution to make living in an apartment complex a pleasant and convenient experience - for the residents, the managing committee members, and the security staff.

Why GateTiger Community and Security management App?

Challenges that Gate Tiger the Community and Security management App can solve in Residential and Commercial gated community

Typical challenges in any Residential and Commercial gated community

Tired of maintaining multiple email groups, multiple excel sheets containing email ids, phone numbers, addresses, vehicle details of owners/tenants.

Treasurer feeling overloaded tracking maintenance dues from members, reconciling bank accounts and issuing receipts

Residents getting restless that issues are not getting resolved despite reminders and no one knows the status of the complaint raised

Managing Committee seems to keep discussing the same issues again and again with no concrete decision

Gate Tiger is the solution! Here's Why:

Manage data of your Society (owners, residents, vendors, staff, vehicles, documents, assets, income, expenses, dues etc.) from one place

Bring in transparency into the operations of the association and thus improve satisfaction of owners and residents.

Manage Residential Society professionally with processes supported by tools, than being person dependent

Reduce total efforts being spent to manage the Residential Society - encourages people to come forward to be part of managing committee
